“The best aspect of the Oracle training provided by Penn State Behrend is its uniqueness and relevance to the marketplace. Paradigm Infotech was able to utilize the skills we acquired immediately in global implementation projects. The class is supplemented by real world examples and class problems are solved as a collaborative team effort. I would recommend this training to any IT professional or functional Superuser who wants to develop a skill set around the latest best practices in Oracle applications.”

— William Tauber, Business Records Setup Team Lead, Paradigm Infotech, Inc.

IN ORDER TO SECURE A SEAT, REGISTRATION MUST BE MADE 7 BUSINESS DAYS PRIOR TO THE CLASS START DATE.

Refunds will be made for cancellations received eight business days before a workshop’s start date.

Anyone who is registered but cannot attend may send a substitute to that particular workshop.

Participants may opt to take individual courses, but are encouraged to complete all courses in order to become competent in the ERP System.

Penn State University certificates of completion will be presented to participants who successfully complete each course.

Please call the Continuing Education office at 814-898-6103 for more information.
